Initiation of Task Order under Contract RD-138

60 9050  
27 JAN 1960

1. Under the terms of Contract RD-138, Task Order 4, [redacted] has developed for this Office a miniature hand crank generator for charging batteries. In the interest of reducing the present unit cost of the generator, the [redacted] has submitted the attached proposal for a production engineering study phase.

2. Before production can be realized on the hand crank generator, additional funds in the amount of approximately \$30,000.00 for tooling will be necessary. This money for tooling will be funded after completion of the production engineering study phase.

3. It is requested, therefore, that Task Order 11 of Contract RD-138 be negotiated for this production engineering study phase. Attached is Requisition No. MSB 60-356 indicating that the allotment to be charged for this project is 0179-0010-0000. Funds in the amount of \$19,142.16 have been encumbered for this project. The cognizant project engineer for this program is [redacted]
